6th Grade Team Building Field Trip

September 24 and 25, 2018

Our first field trip will have a two-day focus on team building, leadership, and forming new connections.

One day will be spent at French Regional Park in Plymouth, MN.

Along the north shore of Medicine Lake, at French Regional Park, our students will be participating in activities such as a orienteering, geocaching, team building, Native American games, and much more.

One day will be a leadership retreat with presenter Ted Wiese, at MME.

The purpose of the workshop is to provide our students with an opportunity to develop and/or improve their leadership skills and also to encourage teamwork and spirit in our school. Some of our most talented students have been invited to participate in the workshop which will be presented by nationally recognized youth leadership speaker, Ted Wiese from Carmel, Indiana. Ted uses a powerful combination of real life stories and dynamic activities to form the basis of the Challenge Leadership workshop. The learning takes place in a stimulating and enjoyable format that promotes personal growth while teaching the skills of teamwork, problem-solving, communication, attitude and leadership. Additional information can be found at HearTedTalk.com.

Please consider volunteering to chaperone when your student is at French Park! A Sign-Up Genius will be available through PeachJar in September!

Thank you from the 6th Grade Teachers!
